100 Top Creators Celebrate Jack Kirby's Greatest Work

COVER ART BY JACK KIRBY & MIKE ROYER
COLOR BY TOM ZURK

Born Jacob Kurtzberg on August 28, 1917, comic book artist Jack Kirby rose from a hardscrabble life in the slums of New York City's Lower East Side to become one of the most celebrated and revered pop culture artists in U.S. history. From the Golden Age of the '40s to the artist's own golden years in the '90s, Kirby was the premier adventure cartoonist of his day and architect of the modern day super-hero mythology, which is now being played out in grand scale on motion picture screens the world over. Alone or with collaborators, this "King" of comics created Marvel Comics icons Captain America, The Avengers, the X-Men, the Hulk, Mighty Thor, the Silver Surfer, and many other characters, as well as DC Comics' epic Fourth World mythos and mega-villain Darkseid. This 224-page, full-color book is a celebration of the beloved artist's centennial anniversary, attended by a pantheon of creators — 100 artists who share memories, mementos, appreciations, and tribute artwork, much of it appearing here for the first time. Join us for the party as we say, "Happy 100th Birthday, Jack Kirby!"
