Grown and extracted from the USA, our CBD products are legal and shipped to all 50 states and internationally. We utilize a whole plant CO2 extraction that allows us to draw the CBD from the plant material and filter out unnatural substances, maximizing pure CBD concentration. Each and every product that leaves the facility is third-party tested to ensure consistency and quality.

All CBD Tinctures, regardless of strength, are 1 fluid oz and contain 30 servings at 1ml each. The dropper in the cap has measurement markers of .25, .5, .75 and 1ml to help with serving size.
